## Bosworth Shower Bench

- › A height adjustable shower bench with heavy-duty perforated injection-moulded plastic seat for strength and durability
- › Additional user support is provided through integral tubular steel handles
- › Seat height can be quickly adjusted to user requirements with e-clips on legs
- › Seat simply clips onto peel-resistant plastic coated steel frame and can be removed for ease of cleaning
- › Duradip® coating is tougher and more durable than other metal coating, as it is rust-proof; it is also warm to the touch
- › Drainage holes comply with entrapment regulations
- › Non-slip, non-marking feet ensure stability and user safety
- › Suitable for thermal decontamination
- › A heavy duty version is available with an increased width of 76cm (30") and a weight capacity of up to 250kg (40st)

### Models available are:

## Rigid Bosworth Aluminium

- › A lightweight version, ideal for those with limited strength
- › Corrosion-free, rigid aluminium frame
- › Height adjustable to suit users requirements
- › Two integral 'pommel horse' style grab handles for easy manoeuvrability when using the bench
- › Handles provide support for user when sitting or standing, reducing the risk of slips and falls
- › The legs are fitted with non-slip rubber ferrules to prevent movement whilst in use
- › Easy to clean
